Institutional Money Kongress 2023

- Congress Center Messe Frankfurt
- 18 / 19 April 2023
- Start: 8.30 am

On April 18 and 19, 2023, the 14th Institutional Money Congress will take place at the Congress Center Messe Frankfurt...

... and will be the most important information platform for institutional investors in the German-speaking region for two days. Participants can expect a tailored program of presentations, with a focus on around 70 workshops with investment strategists and risk managers. The list of key note speakers is also twofold: exclusive and long. In 2023, we will be bringing economist **Carmen Reinhart**, the inventor of the gas price brake **Isabella Weber** and **Clemens Fuest**, among others, to the stage. In addition to the presentations, visitors can expect a variety of other formats - ranging from group discussions and 1-on-1 meetings with fund managers to the "IM-Spezial" discussion track.
